Minor Dwelling: 2-bedroom, bathroom and open plan living

Main Features: Located in the stunning Oakview Subdivision in Lytton West being a premier Gisborne location, these sought-after homes built by a Master Builder are almost too good to be true. There is huge demand in Gisborne for new housing. This demand is across owner occupied and rental properties and our office in Gisborne is overrun with lovely families looking for homes specially in this locale. Being so close to amenities and surrounded my retirement villages, everything tenants require will be close by.

The homes are architecturally designed with care. This translates into a home that is not just a rental but a home that anyone would be happy to live in. Dual income properties like these are rare. Large sections, stylish open plan living areas, storage throughout are some of the reasons why we anticipate very strong demand from occupants. The agency has been placing tenants in Gisborne for over 6 years now.
